 - 4. Residential or commercial water customers located within the corporate limits of the City of Kingsport where sanitary sewers are not available and are identified by the Utilities Director as receiving septic tank pumping and waste hauling services provided by the City shall be subject to sewer user rates for Class I customers as set out above. Tap fee applicable to property served shall be paid before such service begins.
 - 5. Sewer Usage Cap for All Residential Customers
 - (a) An average base figure on water consumption will be established for individual residential customers. This figure will be calculated by using the consumption by each metered customer during the five-month billing periods of December to April, winter months when water usage is reasonably stable, and when most water enters the City sewer system.
 - (b) Since sewer fees are based on per-thousand-gallon usage, the average that was calculated from the winter period will be rounded-up to the next thousand-gallon level.
 - (c) A 3,000-gallon amount will be added to the average of each customer to arrive at a final individual consumption average.
 - (d) Once established, the final average will be used as the annual individual sewer cap for the following year. A new cap will be established during each winter period and the procedure will be repeated.
 - (e) Any new residential customer will be assigned a cap of 8,000 until an average individual cap can be established.

 - 2. Tap Fees may be financed over a ten (10) year period and shall be payable in equal monthly installments including interest charged at a rate established by this resolution. A property owner(s) desiring to finance the tap fee will be required to execute a promissory note secured by a deed of trust in the amount of the tap fee payable to the City of Kingsport. The promissory note and the deed of trust shall be a standard form prescribed by the City Recorder and approved by the City Attorney.
 - 3. Recording fee and other charges for recording Deeds of Trust and Release Deeds will be the same as those assessed to the City by the Register of Deeds of the county where the deeds are recorded.
 - 4. Financing shall be available to residential property served by City of Kingsport installed collector sewers. For the purpose of determining the availability of financing, residential property shall mean existing single family residences or row houses, as defined herein, and include new residential construction only when the construction is for the property owner's own personal use. A property owner(s) desiring to finance the tap fee will be required to execute a promissory note in the amount of the tap fee due payable to the City of Kingsport. The property owner(s) shall also be required to execute a Deed of Trust securing the note. The promissory note and the deed of trust shall be a standard form prescribed by the City Recorder and approved by the City Attorney. The property owner(s) shall be further required to pay to the City a recording fee as set out herein at the time the Deed of Trust is executed.

Owners of the following classes of property:

 - (a) Residences or row houses (existing structures or new construction only when the construction is for the property owner's own personal use)
 - (b) Existing additional units may finance the tap fee due and payable to the City over a ten (10) year period in equal monthly installments including interest

charged at a rate established by this resolution upon the execution of a promissory note and a deed of trust securing the note.

In the Event an outside property owner financing a tap fee is annexed he/she shall be given a pro rata credit to their outstanding principal balance in the month following the effective date of annexation equal to the difference between an outside tap fee and an inside tap fee in effect at the time the promissory note was initially entered into. The pro rata amount to be credited against the property owner's account will be determined by allocating the difference between an outside tap fee and an inside tap fee on a monthly basis over the term of the promissory note and applying the monthly amount to the number of installments remaining to be billed over the term of the promissory note as of the effective date of the annexation. The amount calculated by applying the monthly amount to the number of unbilled installments as the effective date of annexation will be applied as a credit against the property owner's outstanding principal balance.

5. Financing shall not be available to owners of the following class of property:
 - (a) New residences located in subdivisions in which sewer mains and laterals have been installed by developers
6. Also, financing shall not be available in cases where the development is for speculative purposes. In determining if construction is for speculative purposes, any sewer tap permit issued in the name of a licensed contractor, plumber, developer, or broker shall be considered for speculative purposes and payment of the tap fee in full shall be required. In cases where a contractor constructs a residence for personal occupancy and desires to finance the tap fee, the contractor/owner will be eligible to finance when he or she provides the City Recorder with (1) certification that the residence has been constructed for personal occupancy of the owner/ contractor, and (2) executes a standard City of Kingsport promissory note and deed of trust securing the note for sewer tap fees payable to the City of Kingsport. The "Certification of Construction for Personal Occupancy" shall be a standard form prescribed by the City Recorder and approved by the City Attorney.
